CARAFES

A MODERN TAKE ON THE CLASSIC PUNCH BOWL, OUR CARAFES ARE
DESIGNED TO REVIVE THE TRADITION OF SHARED EXPERIENCE.
EACH CARAFE SERVES FOUR TO SIX FRIENDS ... OR TWO BESTIES

punch (or *panch*, in hindi) originated in india, and was
introduced to europe by the sailors of the british east india
trading company in the early 17th century.

during the 17th to 19th century, it was common for bars
to set out communal punch bowls filled with a concoction
of tea, arrack liquor, sugar, lemon, and water, and each guest
poured his or her own serving. recipes became more
diverse throughout the years, until the invention of the
individual cocktail ended the popularity of punch bowls.
